

**WORD  
OF LIFE**

“**Learn**  
**to do good;**  
**seek**  
**justice**”

**1**

**Acting justly**  
**helps us**  
**to learn how to**  
**do what is good.**

**This means**  
**welcoming God's**  
**will for us**  
**because it is our**  
**true good.**

**Talking about justice  
is a hot topic.**

**Inequality, violence and  
prejudice continue to spread  
in every area of society. It's  
hard to give witness to a  
culture of peace and unity.**

**How can we  
learn to do  
what is good?**

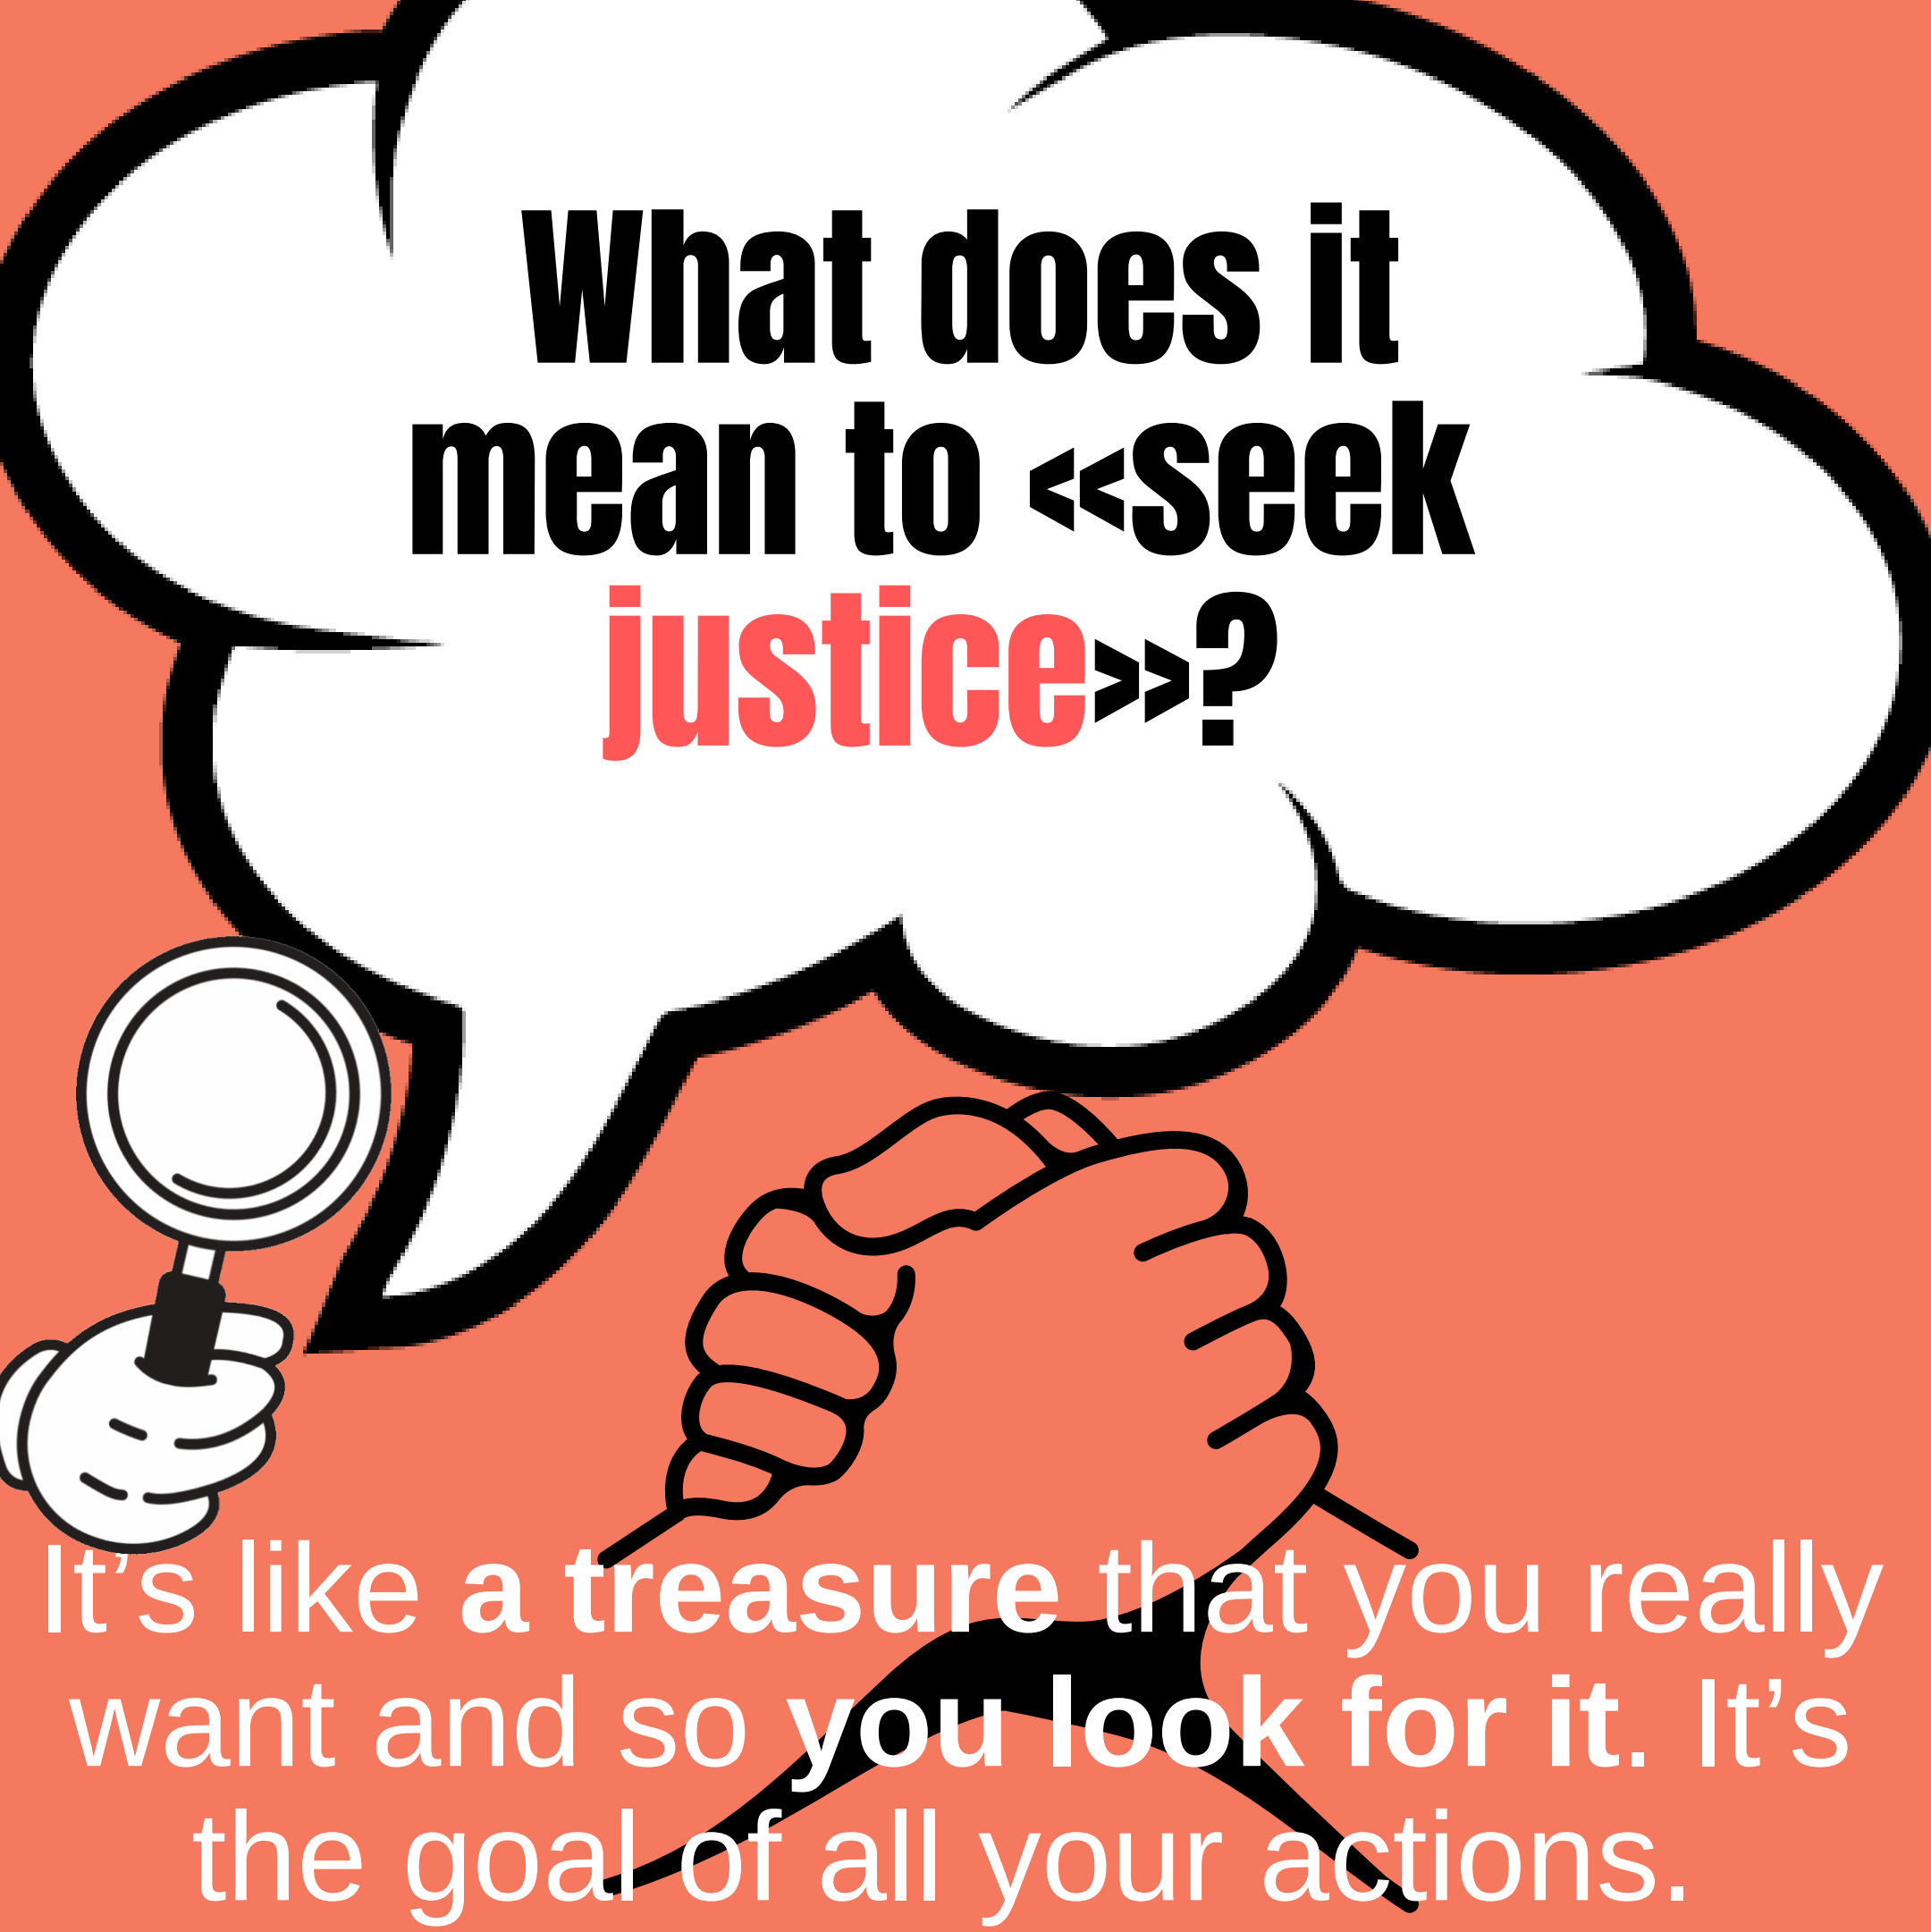

**We have to take the position of  
wanting to learn! And this means  
we have to make the effort.**

**EVERY DAY  
WE ALWAYS HAVE  
SOMETHING NEW  
TO UNDERSTAND  
AND TO IMPROVE.  
BUT WE CAN ALWAYS  
START ALL  
OVER AGAIN  
IF WE FAIL.**

**What does it  
mean to <<seek  
justice>>?**

It's like a treasure that you really want and so you look for it. It's the goal of all your actions.

This Word of Life **urges us to help others**, to be attentive to them and assist them in concrete ways when they need something.

It requires that we  
open our hearts, our  
minds and our  
hands, reaching out  
especially to those  
who are suffering.

**«WITHOUT LOVE, THERE  
WILL NEVER BE TRUE  
JUSTICE, A SHARING OF  
GOODS BETWEEN RICH  
AND POOR»**

**Chiara Lubich, *Word of Life* (November 2006)**

**Living for a united world  
means helping to heal the  
wounds of humanity through  
small gestures that can create  
the sense of a "family" among all.**
