WORD OF LIFE

«You are the
God who see me»

(See Genesis 16:13)

**This word of Life renews
our trust in God and
gives us comfort:**

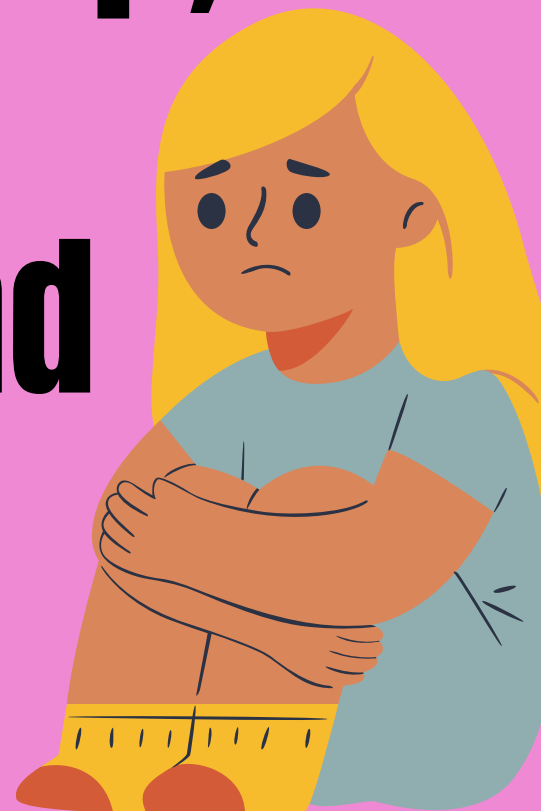

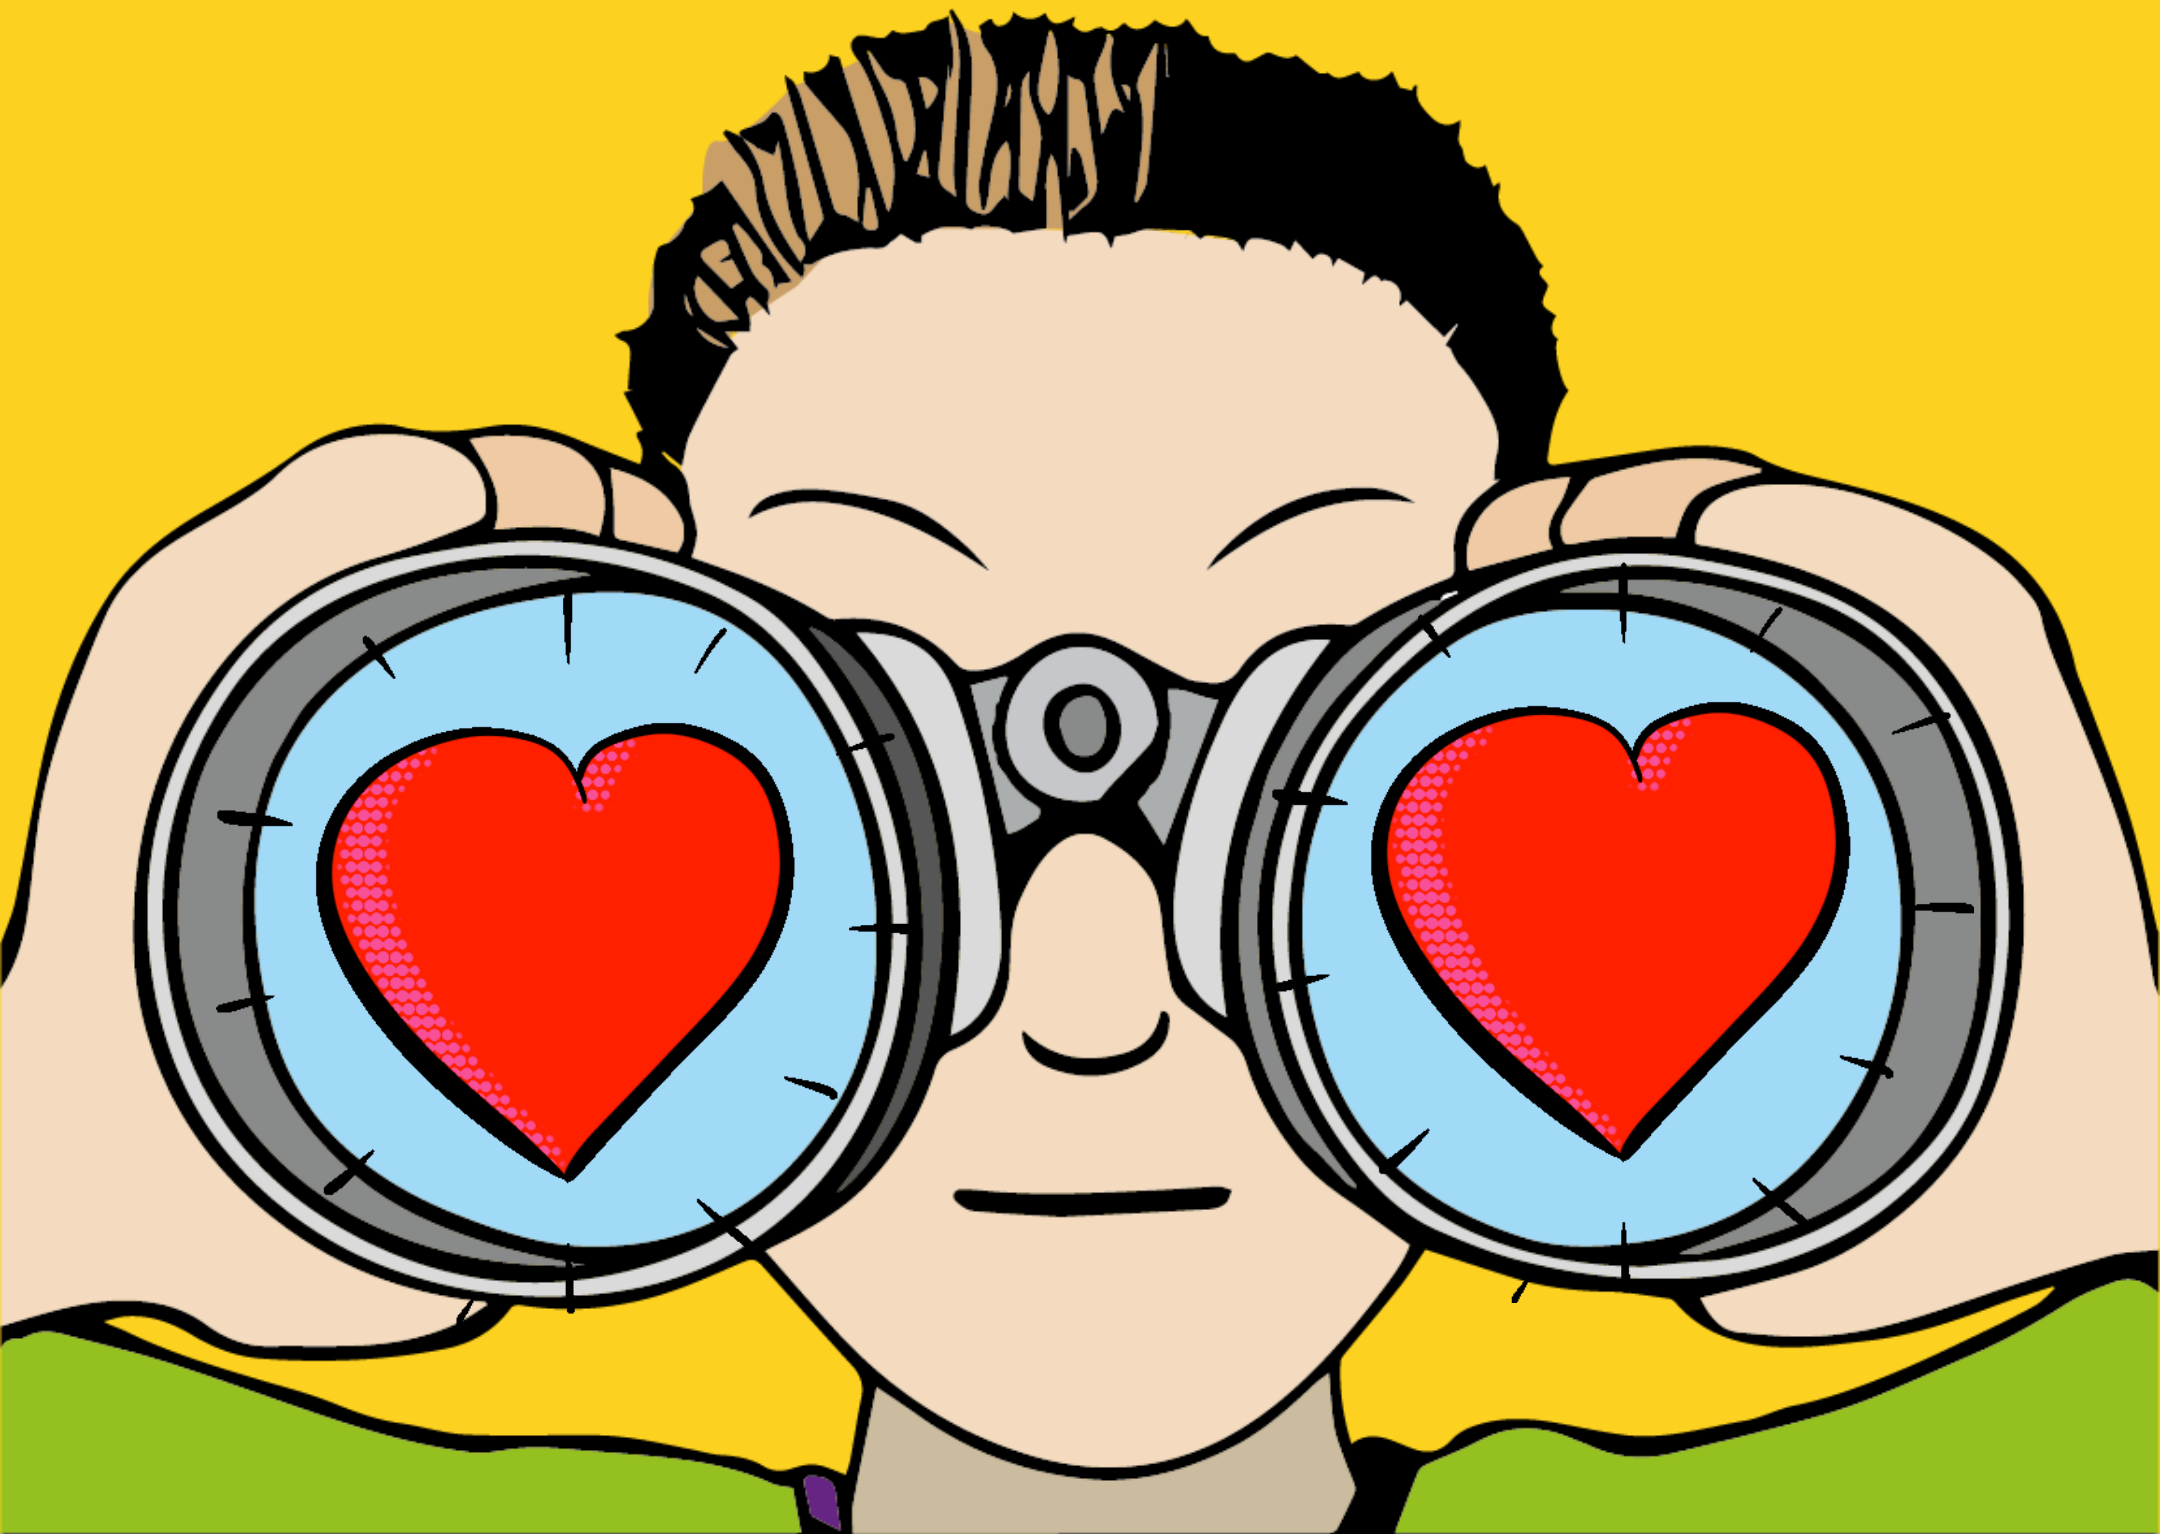

**WE ARE
NEVER ALONE
ON OUR
JOURNEY,
GOD LOVES US
AND IS ALWAYS
WITH US.**

**«When we are
convinced that God
loves us, we can become
MESSENGERS OF
HIS LOVE,
giving his love to
many other people.»**

**«We are called to see
what others need, to
help
our neighbours
whenever they
experience hardship,
to share
both their joy and
their sorrow.»**

**Our task is to keep our eyes open to
all the people around us, to everyone
in the world.**

We can face the difficulties together and discover in them **the presence of God** guiding our life, which will also help us to continue with confidence along our journey.

**As a gift to one
another, let's
remember and share
those moments when
we experienced the
love of God for us and
felt a very special joy. It
is these moments that
help us understand the
true meaning of life.**

A group of hikers, seen from behind, are ascending a steep, rocky mountain slope. They are wearing backpacks and using trekking poles. The sky is overcast with soft, grey clouds. The hikers are arranged in a line, moving diagonally across the frame from the bottom left towards the top right.

«You are the God
who sees me»
