

«Not seven times, but, I tell you, seventy-seven times».

(Matthew 18:21-22)

Jesus told his followers to forgive «...seventy-seven times», which means that for him there is no limit to forgiveness.

«We have to forgive others all the time».

«Forgiving others does not mean we are weak or don't care. And it doesn't mean we approve what bad things others have done».

«Forgive all the time??? I don't think I can do that! And besides the other person will take advantage of me if I always forgive them».

«We might think like that, but in reality when you forgive, you create the opportunity to heal a broken relationship with them.»

«THE JOY YOU EXPERIENCE IS REALLY AMAZING!!»

«FORGIVING MEANS WELCOMING the other person exactly as they are, no matter what they did to us, JUST LIKE GOD WELCOMES US, NO MATTER HOW MANY TIMES WE FAILED».

«To forgive another person means opening a door for that person to establish a new relationship with you. It gives them, and you too, the chance to START ALL OVER AGAIN and to ensure that, in the future, evil will never win out».

«How can we live this Word of Life? It's very hard for me!»

«It's logical, and it's hard for me too! But that's what's so great about being a Christian! We follow Jesus and when he was on the cross, he asked his Father to forgive those who were killing him – and then he rose from the dead!»

«Let's be courageous! Let's start living like this and we will have peace like we never experienced before and also new joy in our hearts».

POPE FRANCIS «God reconciles» January 23, 2015

«How does God forgive? First of all, God forgives all the time! He never gets tired of forgiving. We are the ones who get tired of asking him to forgive us. But he never gets tired of forgiving».

(...) «Not seven times, but seventy-seven times». That means «always», Because that's how God forgives: «always».

Therefore, «even if you lived a life full of many sins and did many bad things, but in the end, you repent and ask him to forgive you, he will do it right away. He always forgives you».
