

“The water that I will give
will become in them a
spring of water gushing up
to eternal life.”

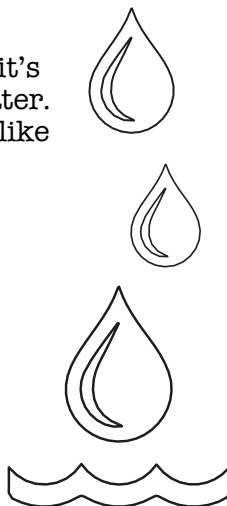

EVERY ACT OF LOVE IS
LIKE TAKING A DRINK OF
LIVING WATER

The living water that Jesus is talk
about is the love he brought on earth.

How can we have this
water of his?

Every time we try to live the Gospel it's
like drinking a drop of that living water.
Every act of love for our neighbor is like
taking a sip of that water.

His water, which is so alive and
precious, has something special
about it. It wells up within our
hearts every time we reach out
in love to others.

(Jn 4:13-14)

It's a wellspring of God that gives us
water in the measure we quench the
thirst of others through small or big
acts of love.

If we continue to give, this fountain of
peace and life will pour out water
always more abundantly. It will never
dry up.

(Excerpts from the Word of Life by Chiara Lubich, March 2002)
