

«Give, and it will be given to you»

(LK 6:38)

Let's give everything: our understanding, a friendly ear, our time, our ideas. Let's share our experiences, our knowledge, our material goods, so that we don't pile up things for ourselves, but give them to people in need.

**Just look around you:** don't you remember that sick person in the hospital, that widow who feels lonely, that boy in your class who's discouraged because he failed, the young man who's sad because he can't find a job, your little sister or brother who need help?

## Code of Life

# # 5

“Hello there! It’s been a few months since I started trying to live the Word of Life and I want to share with you my experience of how I am committed to loving Jesus in every neighbor.

There’s a boy in my neighborhood who goes to a school that’s quite far away. I noticed that he always walks to school and that his shoes were really worn out.

I remembered that I had a pair of shoes that were too small for me, but they were still brand new, because I couldn’t use them.

I went to see that boy and gave him my shoes. When I left his house, I felt a great peace in my heart - as if I had given those shoes to Jesus.

**Michael – Philippines**

LET'S LEARN A NEW SONG TOGETHER

# LOVE YOUR NEIGHBOR

When you go searching for your neighbor,  
look around you and you'll see he's standing near you.  
It may be that he's not kind or even pleasant -  
doesn't matter, you should never disappoint him.

**Give love to every neighbor! Serve him as yourself  
and the love that you will show him will be yours!**  
**Give love to every neighbor  
sharing without measure  
and the love that you have given will remain.**

Does it happen that you never get invited?  
Others seem to just ignore you — don't be worried!  
Keep on loving every person, it is Jesus  
and you'll see,  
there'll come a time when they will change!

**Give love to every neighbor! ...**

Don't give up! And don't make up excuses!  
Give to everyone around you — it's your neighbor.  
Give by loving every person, and be patient!  
It's the secret! And you'll see that you'll be happy!

**Give love to every neighbor! ...**

In the end these will be the questions:  
"Have you given food to all those who are hungry?"  
Then He'll ask you if you've given consolation  
and remembered to be loving in each moment.

**Give love to every neighbor! ...**
